J. M. Clark, Esq.,

President, Royal Canadian Institute,

Toronto.

Dear Mr. Clark:

Mr. Patterson has sent me a copy of your letter to the Bursar with regard to the use of the Physics Building on other nights than Saturday. I appreciate your efforts to accommodate the meetings of the Society to our needs.

I have since been talking to the Superintendent with regard to the matter, and he says that if you will meet in the Assembly Hall at the Faculty of Education there is no reason why you should not hold your meetings regularly every Saturday night, as that building is always kept more or less heated because the caretaker lives in it. In any case he says that it would be a greater saving for us if the meetings could be held in that building even on a Monday night for the same reason. Would it be too inconvenient for you to meet there ?

With kind regards, I am,

Yours sincerely,

President.

Dear Mr. Clark:

I am much interested in your letter with regard to the tangle in the County of Lincoln. It is too bad that personal likes and dislikes rule in so many cases during an election in which such vital issues are at stake. I hope that your letter will bear fruit.

Whether anything will come of my visit to Hamilton I do not know, though I think that there will be a more preponderating vote in favour of either candidate than if they refused to arbitrate. I am told that there may be a legal difficulty in securing endorsation should the endorsed candidate withdraw. I have the feeling myself, as you have, that the heart of the people is so sound that we shall have the right issue next Monday.

With kind regards, I am,

Yours sincerely,

President.

Dear Mr. Clark:

Many thanks for your letter and enclosure from the New York "Tribune", which I read with much interest and with much sympathy.

The Committee on Honorary Degrees reported to the Senate last night, and at the next meeting of the Senate a statute will be considered in Committee of the Whole. Perhaps you may be able to be there.

I am glad to know that your Presidential Address is to be published.

With kind regards, I am,

Yours sincerely,

President.

My dear President. v re Reign of Law

The Secretary of the Royal Canadian Institute will send you three copies of my Presidential address, and I would be obliged if you would kindly send two copies to Mitchell. who you will recall is mentioned

If your Secretary would be good enough to send one about a week after the other he would be likely to receive one of them.

I am glad to hear that the American Bar Association are obtaining and will officially distribute, a couple of hundred copies among their leading officials and members.

The short article I wrote before the United States joined in the war, at the request of some of the leading officials of the Association, was very badly printed in the Central Law Journal as you perhaps noticed. I did not see the proof of it, and had some copies sent to some friends including myself before I had an opportunity of reading the article as published

I am with thanks

Yours very sincerely

J. Murray Clark

Dear Mr. Clark:

I will have the copies of your address sent to Colonel Mitchell whenever they arrive, one in each of two successive weeks. I shall be glad also to have the copy of the article that you wrote and which is now being reprinted.

Yours sincerely,

President.

My dear Mr. Clark:

I must thank you very sincerely for your kindness in sending me your congratulations as well as for the extremely generous terms in which you wrote concerning me to the Honourable Mr. Wickersham. I did not realise how much was owing to you in the courtesies that were lately extended to me. Certainly I got a delightful reception at Pennsylvania, and when my address is printed I shall send you a copy, though I do not enjoin upon you thereby to spend more time on it than you find will be profitable.

I shall be glad to get your "Reign of Law" and send the two copies to Mitchell.

With renewed thanks,

I am,

Yours sincerely,

President.
